

Ski Carriers

The ProRac Ski Carrier installs easily in the ProRac crossbar or load bar T-SLOT allowing for quick removal during the non-snow months. The oversized push button allows the carrier to be opened while still wearing gloves. (Part Number: FGAT724-1 (4-Pair) and FGAT725-1 (6-Pair))

Engineered Advantages:

- Carries skis and snowboards securely outside of the vehicle
- Aluminum construction prevents corrosion
- Carrier contains locks for added security
- Available in 4-Pair and 6-Pair carriers (usable space 16" for the 4-Pair and 24" for the 6-Pair)
